"Jianmo wholeheartedly provides you with convenient and efficient services. We would like you to enjoy the relevant preferential policies. Fast-within the minimum time limit appointed by the government administration to complete your entrustment. No worries-We have the responsibility to cooperate with and provide solutions to all kinds of problems you may encounter in the registration process. Don't bother-We can guarantee the whole process is entrusted and our one-stop service can make what you need in place.

China (Zhejiang) Free Trade Test Zone

China (Zhejiang) Free Trade Test Zone, abbreviated as Zhejiang Free Trade Zone, is a regional free trade park set up by the Chinese government in Zhoushan Islands New area of Zhejiang Province. It is the only free trade park composed of land and marine anchors in China, and it is also an important window for China to establish cooperation with countries along the Pacific Rim based on the frontier of the Pacific Rim Economic Circle. Zhejiang Free Trade Test Zone covers a total area of 119.95 square kilometers, covering Zhoushan Li Island, Northern Zhoushan Island, Southern Zhoushan Island areas. It has unique location advantages, rich port coastal resources, strong industrial foundation. It will conduct businesses mainly focusing on regarding oil as the core of commodity transit, processing trade, bonded fuel oil supply, equipment manufacturing, aviation manufacturing, international maritime services, international trade and bonded processing.

T(Ten thousands yuan) categories of taxes	corporate income tax	VAT
	Local retention ratio	Local retention ratio
10T≤T<300T	90%	80%
300T≤T<1000T	90%	85%
T≥1000T	90%	90%

The actual amount of VAT paid by enterprises is 200,000, 6 million and 20 million yuan respectively. The specific ratio of support and income is as follows (reserving one decimal point) :

Actual payment (T)	Place retention 50%(T)	Local retention ratio(T)	The company actually supports the fund ratio (amount)
21.1	10	80%	$21.1 * 50% * 80% * 95 = 8T38%$)
631.6	300	85%	$631.6 * 50% * 85% * 95 = 255T$ (40.37%)
2105.3	1000	90%	$2105.3 * 50% * 90% * 95 = 900T$ (42.75%)

Shanghai is the most economically developed city in China and one of the four municipalities directly under the Central Government. It is the center of science and technology, trade, information, finance and shipping in China. Shanghai has developed into an international metropolis and has always been committed to becoming an international financial center and shipping center. Shanghai is located at the mouth of the Yangtze River off the southeast coast of China. It is not only the largest industrial base in China, but also the largest foreign trade port in China, so it also attracts countless foreign trade practitioners at home and abroad.
