

WHO WE WORK WITH

ING Bank

“ This investment and partnership with TransferMate adds to ING’s capability to help customers by saving time and money for international payments and perfectly fits our innovation strategy. ”

Allied Irish Banks

“ We will work with TransferMate and other digital innovative partners to continue to ensure AIB business customers have access to some of the best banking capabilities in the world. ”

MODA OPERANDI

“ TransferMate has allowed us to transfer funds in bulk and apply payments within NetSuite quickly. This has generated a big cost saving as we now access better FX rates, eliminate costly wire fees and avoid unnecessary manual effort. ”

SAP Concur

“ Combining SAP Concur’s invoice solution with the key competencies of TransferMate Global Payments ensures our customers receive leading innovate solutions that deliver rapid ROI, bottom-line savings, and a seamless integrated experience. ”

RSM

“ We have worked with TransferMate for a number of years and have seen the value that their award winning international payment service brings to our clients in terms of significant time and money savings on their foreign currency payments. ”

AccountslQ

“ We are really focused on multiple entity businesses who are growing internationally. We see our integration with TransferMate as a very important component of what we offer customers, to allow them to simplify their business processes. ”

Intuit

“ TransferMate’s dedicated QuickBooks payment app has streamlined the way our clients process their invoices, freeing resource and allowing them to focus on their core business. TransferMate has revolutionized the international transfer process. ”

Trinity College Dublin

“ We would highly recommend TransferMate to other institutions looking to improve their fee collection process and eliminate international receiver fees. In particular, the online tracking and daily remittance reports allow us to identify and allocate these payments with ease. ”

Paysera

“ We use TransferMate to simplify our high volume of foreign currency payments. By removing intermediary banks, our clients’ transfers are received faster with full transparency. ”
