

VRT Calculator

Vehicle Registration Tax (VRT) calculation for vehicle.

[Edit Details](#)

Your VRT Calculation

Date	15/01/2024
Time	17:02
Rate of VRT	12.75%
Vehicle Registration Tax	€3,838
<i>(payable on enquiry)</i>	

Vehicle Details

Statistical Code	41781323
Model	X5
Make	BMW
Version	CLA-KT20 5DR AUTO

Breakdown of VRT Calculation

Open Market Selling Price (OMSP) determined by Revenue	€72994
Monthly Adjustment	+105%
Depreciation Code Allocated by Revenue	A6
Odometer Reading	47896 Kilometres
Date of First Registration	January 2016
Mileage/Kilometre Reduction	€0
Rate of Depreciation for this Vehicle	62%
Current OMSP determined by Revenue	€29124

Revenue CO₂ Estimate

CO ₂ Emissions	77
Calculated WLTP CO ₂ Emissions	105
Calculated WLTP CO ₂ Formula	A1
Rate of VRT	12.75%
CO₂ VRT Charges	€3,713
<i>(payable on enquiry)</i>	

Revenue NOx Estimate

NOx Emissions	0.025
NOx Units	g/km or g/kWh
NOx VRT Charge (payable on enquiry)	€125

Registration Tax Total

CO₂ VRT Charges	€3,713
NOx VRT Charge	€125
Vehicle Registration Tax (payable on enquiry)	€3,838

Important Please Note

1. This is a current estimate. A different amount may be payable at the time of registration depending on various factors, including vehicle valuations and legislative changes. A different amount will be payable if the Open Market Selling Price of the vehicle has changed, or if a different rate of CO₂ or NOx emissions is applicable.
2. An appointment for a pre-registration examination of the vehicle must be made with the NCTS within 7 days of the vehicle entering the State. Registration must be completed within 30 days of the vehicle entering the State.

For more information on booking NCTS appointments, see www.ncts.ie/vrt.

3. When purchasing a vehicle please ensure you get all the correct documentation. Please also give yourself plenty of time to register the vehicle within the required 30 days. You will incur additional charges if the vehicle entered the State more than 30 days before registration.
4. This calculator works on the basis that the vehicle is in good condition considering its age, and within mileage norms. Additional VRT may be payable if the vehicle is fitted with chargeable enhancements/accessories, otherwise known as 'extras'.
5. In certain circumstances, Customs Duty and VAT may also be payable. For VAT purposes a vehicle is a 'new means of transport' when it is less than 6 months old or has travel less than 6,000km. [Click here](#) for more information.
6. A Certificate of Conformity or other Type Approval certification is required for previously unregistered vehicles.
7. Further information is available at <https://www.revenue.ie/en/importing-vehicles-duty-free-allowances/guide-to-vrt/index.aspx>
