

IBC Japan Ltd.

Hi,

Greetings!

Thank you for your interest in doing business with us. My name is **Akira Sato**, one of the Executive Assistants of IBC Japan Ltd. We would like to extend our gratitude for attending the organized night event held in Sri Lanka. Our **President/CEO Mr. Jojo Hemi** was very pleased to meet you there.

For a start, please take a quick tour to our Idirect Buying Process. You can also search for a particular vehicle available in our stocks. If the unit/s that you are looking for is not available, kindly let us know so that we can assist you. Furthermore, you can send us your Buying List as we have highly efficient Buying Specialists to do the sourcing of the units for you.

Please log in to our website www.ibcjapan.co.jp

We've made buying from auctions easy for you! From searching to bidding until you receive your vehicle, we make sure that you have a hassle-free and enjoyable buying experience with us.

iDirect is IBC Japan's exclusive auction search engine. With iDirect, you can access Japanese auctions directly without the cost and inconvenience of actually going to the auctions yourself.

See how convenient it is to bid and buy from Japan vehicle auctions from the comfort of your own home or office, with these few easy steps:

The Easy Steps

- **Select**

Thousands of vehicles are available from hundreds of weekly live auctions in Japan. Select your preferred units by entering vehicle data into our specially-designed iDirect search engine. Click submit and get results instantly.

- **Bid**

Pick a vehicle from the search results, input your desired bid amount, and confirm.

Before placing a bid on any vehicle, you need to review the vehicle data thoroughly. You should take note of the full FOB or C&F prices including IBC fees for purchases which are shown after login on the bidding pages.

Staff from iDirect Accounts and Customer Service will confirm all bids by e-mail or phone.

We receive auction data, vehicle information, and photos from all the major Japanese auction databases. We translate the data into English and make them available to you through the vehicle results you see in iDirect.

- **Deposit/Payment**

Congratulations on your winning bid. 100% of the total FOB or C&F price is due on all successful bids within 7

days of the purchase. Once we receive the payment, we will process the vehicle for shipment to you.

Payment may be made via Telegraphic Transfer (TT) or Letter of Credit (L/C). We do not accept personal, corporate or bank cheques.

You will pay all TT and L/C related fees such as remittance fees, handling fees, advising fees, interest and any other L/C or TT processing or related costs. The only fees that we will pay are the standard receiving fees charged by our banks based on a 'direct' transfer from the remitting bank.

- **Inspection**

All vehicles undergo strict independent inspection before they are booked to be shipped. Vehicles with accident damage or obvious faulty mechanical condition are returned to the auction with no risk to the customer who made the bid.

- **Ship**

After passing the inspection, vehicle is immediately shipped to your desired destination, anywhere in the world. Our long-standing agreements with shipping companies allow us to pass on to you the best shipping rates available.

- **Release**

Documents are released. You may now claim your vehicle.

iDirect offers more choice, convenience, and maximum value. Bid and buy from the comfort of your own home, using our cutting-edge and easy-to-use iDirect Auction Search engine.

A Preview of the iDirect Search Engine:

The screenshot shows the iDirect Auction Search Engine interface. It includes a navigation bar with 'Shopping List', 'Bids', 'Payment Options', and 'About iDirect'. The main content area is divided into 'Basic Search' and 'Advanced Search' sections. The 'Basic Search' section has fields for 'Chassis Prefix', 'Year', 'Mileage (km)', 'Make and Model', 'Condition Grade', and 'Transmission'. The 'Advanced Search' section has a 'Multiple Makes and Models' field. Below these are 'Filters' for 'Start Price', 'Average Price', 'Color', 'Sort By', 'Reg Date', 'Engine Range', and 'RBC Number'. There are also options for 'Results per page', 'Show expanded details on results', and 'Auto Scroll Results'. Callout boxes provide additional information: 'My Vehicles' (input preferred units), 'Basic Search' (search by make/model, year, mileage, etc.), 'Advanced Search' (search for multiple makes/models), 'Filters' (narrow down by price, color, etc.), 'Flexibility' (click 'Search' for instant results or 'Reset' to start over), and 'Results Display' (decide how to view results - items per page, thumbnail/list format, etc.).

We would like to inform you as well that we are preparing for an email blast with the list of units that are popular in your country soon.

Once again, thank you for the interest. For questions, you can contact us via email at ibcsales@ibc-japan.co.jp or through **24/7 Live Support** for a faster response time.

We look forward to hearing from you soon.

Best Regards,

Jojo Hemi
