We act as IBC Japan's collection agent in NZ.

We have agreed with Karl's Cars Ltd (represented by Karl Lyford) to release the Japanese deregistration certificates to NVTC, for all vehicles supplied by IBC to allow the vehicles to be complied, provided that agreed deposit has been paid to Key Alliance Pro Ltd. (KAP).

We also agreed that the MR2A's for the vehicles will be held at NVTC for safekeeping, and that NVTC will only release them to Karl's Cars Ltd upon the following.

This is agreed to on the basis that:

Neither the MR2A or de-reg document is to be provided directly to Karl's Cars Ltd or any party without prior written authorization from Key Alliance Pro Ltd. (KAP)

No MR2A document is to be reprinted without prior written authorization from KAP

This agreement is to remain in force indefinitely or until KAP advises to the contrary
